

BE PART OF OUR SUCCESS STORY

SENIOR CRM CONSULTANT

WHO WE ARE

We are part of NextGuest Technologies, an integrated hospitality technology + digital marketing company comprised of HEBS Digital and Serenata CRM. Combining our cutting-edge technology with innovative strategy, design, and digital marketing expertise, we are closing the loop on the travel journey with the first fully-integrated guest engagement, acquisition, and marketing platform.

Combining 20 years of hospitality experience with the energy of a start-up, Serenata CRM turns big data into smart useable data. Serenata CRM is one of the leading providers of e-marketing and CRM solutions for the hospitality industry. By integrating guest information with various systems, our Serenata CRM Suite provides a comprehensive 360° view of the guest. Engage guests from the moment the booking is made, enhance their experience while on property, and inspire them to book another stay. With our Serenata CRM Suite your guest data, one of your hotel's most precious assets, is put to good use to engage guests before, during and after their stay, to fuel loyalty throughout the customer lifetime journey, and to acquire new "best" guests.

WHAT WE OFFER

Serenata is pursuing a growth strategy and we are continuously aiming to provide first class consulting and guidance to our global customers. Understanding guest behavior and interests based on available data from a CRM is one of the key benefits for our customers utilizing Serenata CRM. In order to best leverage this pool of big data and apply advanced analysis we are looking for a **Senior CRM Consultant (m/f/d)** to provide necessary guidance to our customers and to help them improve marketing automation.

The key focus of Serenata's product innovations is to reduce complexity for our customer in taking the right decisions for their CRM strategy, in converting data and information into actions and in getting visibility of the business impact of campaigns and actions.

The role is vital to, on the one hand side, ensure the company maintains a close relationship with its key customers and provides guidance on how to best work with the product and give action recommendations and on the other hand to translate the customer's and market's needs into possible use cases for future product development.

The ideal candidate will have a hands-on, customer-oriented mentality, is not scared to think outside the box and can share their enthusiasm about a new idea with all relevant stakeholders.

Flexible working hours, an agile work environment, quick decision making, and shared lunch breaks on our rooftop terrace are part of our unique corporate culture.

YOUR JOB

- Become an expert on currently ongoing customer projects
- Shape productizing of currently ongoing projects to ensure implementation across multiple customers
- Training customers on new product components
- Plan, design and run Consulting workshops with customers
 - Support customers in setting up a digital marketing Campaign strategy based upon an assessment of the current situation and the customers goals and business strategy
